Skater of the Month

Sophia Berar

Age: 12

I am passionate about figure skating and love spending time on the ice.

I first got started with figure skating when I attended a skating camp with my friends. What began as a fun experience quickly turned into something I loved, and I have been skating ever since.

My favorite moves on the ice are the butterfly, camel spin, and the double flip jump. I enjoy the challenge of learning new skills and expressing myself through my performances.

My goal is to continue developing my skills, compete at higher levels, and achieve success in the sport I love.
